WORK COMPLETION POLICY

Work completion has been put in place to give students an opportunity to complete an assignment instead of receiving a failing grade. However, this policy seems to be being abused.

Therefore, a new policy is now in effect.

The first time a student does not have their work completed when they enter the classroom they will have lunch and mixed bag work completion. Teachers have been instructed to have their students come to the front office with their work and their lunch.

The second time a student does not have their work completed when they enter the classroom, they will have work completion in the front office at lunch and mixed bag, along with after school until 5:00 p.m.

The third time a student does not have their work completed when they enter the classroom, they will receive work completion at lunch and mixed bag, work completion after school until 5:00 p.m., and parents will be responsible for a \$10.00 after school fee.

If there is a fourth time all of the above will apply along with a Saturday work day around the building and a \$20.00 fee.

If there are more than four times in one semester, I will assume the student no longer wishes to be here and will be in jeopardy of losing their place here at Millennium Academy.

Parents will be notified each time their child needs to attend work completion so as to arrange for the necessary pick up if need be. Also, please note that upon after school work completion the school will not be responsible for any siblings that are not involved in the imposed work completion. It will be the responsibility of the parent to unfortunately make multiple trips.

End of Course Exams:

In accordance with Section 1008.22, Florida Statutes, the Florida Department of Education (FDOE) has implemented EOC Assessments for certain courses administered at the middle and high school levels. The Florida EOC Assessments are designed to measure student achievement of the NGSSS for specific courses, as outlined in their course descriptions (content knowledge and skills, as specified in the NGSSS benchmarks, taught in a course).

For more information, please go to <http://www.fldoe.org/accountability/assessments/k-12-student-assessment/end-of-course-eoc-assessments>.

At this time Millennium Academy does not use EOC's. Parents may take their students to a local college to take the tests of they would like to do so. The cost of the test is \$10.00 per test.

If a student transfers back to public school prior to graduating from Millennium Academy, they will be subjected to the EOC tests for the courses they have taken that require EOC's as stated above. If a student graduates from Millennium Academy they are only required to meet the standard 24 credit graduation requirement, senior project requirement and an outline class requirement for our school.

I have read and understand my options regarding end of year testing according to 1008.22 Florida Statute. I also understand that Millennium Academy has a 24 credit graduation requirement and that no credit will be given for any grade received less than a "C"/70.
